

tape to PVC

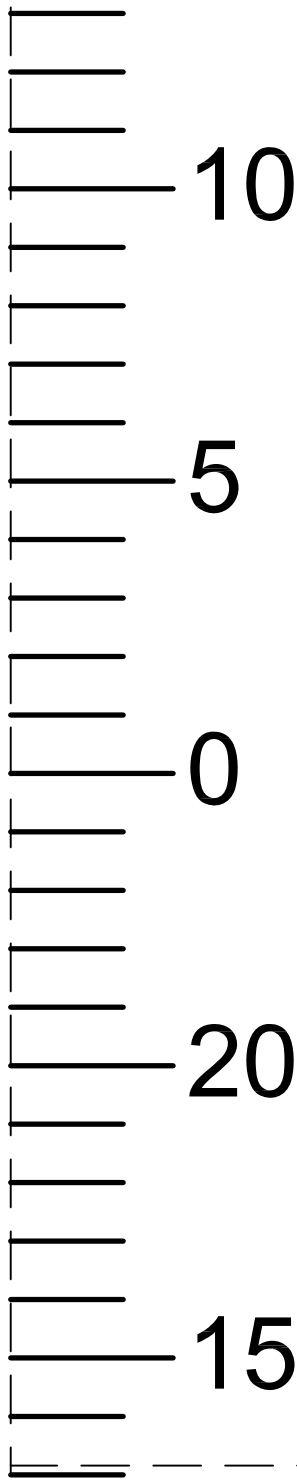

cut here

For use with 2 inch nominal PVC  
 To use any other diameter (in inches), use this print scale:

$$\text{scale} = \frac{\text{diameter}}{2.375}$$

Example: 1.5 mm diameter paper towel tube:  $\text{scale} = \frac{1.5}{2.375} = .63$  (print to 63% scale)
