

tape to PVC

0 5 10 15

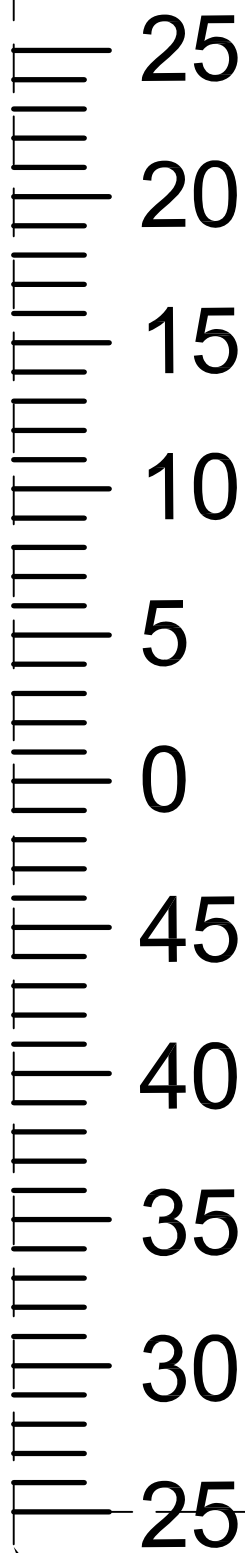

cut here

For use with 2 inch nominal PVC
To use any other diameter, use this print scale:

$$\text{scale} = \frac{\text{diameter mm}}{60.3 \text{ mm}}$$

Example: 38 mm diameter paper towel tube: $\text{scale} = \frac{38}{60.3} = .63$ (print to 63% scale)
